Dear Sir or Madame,

I am fucking livid, and will no longer tolerate your abuse. I am a citizen, taxpayer, and a censored and ostracized, robbed, enslaved, scientist, and a political asylum seeker (in the nation of Canada, circa 2020-2022), removed, again, to the USA, to be abused some more.

I have spent the better part of five years trying to get one American official to act like a fucking adult, but they are all incompetent, illiterate (functionally illiterate; logically illiterate; legally illiterate), or crooked. I am presently, without the advice or counsel of a lawyer, without the help of the ACLU and without the help of Demagogues, Reprobates, Independents, Third-Partiers, or Communistic-Socialist-Anarchists, or any other “tribe” on this planet, and despite this impossible circumstance, I have managed to craft a devastating takedown of the “unforgiven forgiveness” of my modest student loan debt (approx.. \$12,000, but \$20,000 with “fines and fees”; please juxtapose this with the \$1 to \$2 to \$5 million dollar libel and slander suit that I will have, if a federal judge EVER GROWS UP, does their job correctly, and accepts my suit into court!).

I am suing the six traitorous cowards (despite the “honorable” “service” to our country, of three of them, in Iraq/Afghanistan; my father went to Vietnam, so these patriots will have to take a backseat to my patriotism, for him, and his generation!) who libel and slander and do injury to my good name, and my credit-worthiness, and my ability to work, rent/own, live, work, and play, in this “grand society” of ours.

It is an egregious violation of all of my rights, but specifically, my first amendment and, now, seventh amendment rights.

The clerk of the supreme court has been dangling me around for about a year now, and I will tolerate no more.

What I am requesting, no, DEMANDING, from you, today, is that you go to my website, specifically, at this link (ladnarofladner.github.io/SueTheBastards.html), and print several copies of the pdf “Request for a Writ of Certiorari” document, there, and address and mail it to:

Re: Randall Meyer and USAP9 24-164
Clerk of the Court of
The Supreme Court of the United State of America
1 First Street, NE
Washington, DC 20543

And when you have sent, say 2 to 5 such copies, please respond to me, at my address listed above, that this has been accomplished, so that I may count how many copies I must deliver to the Supreme Court, myself. Timing is of the utmost importance, as the deadline for filing (note; postmarked-by) is June 15th, 2026.

I do not require legal advice. I do not want to contribute to your campaign. I will oppose everything you ever say or do, for the rest of your terms, and indeed, for the terms of your natural life (and your children’s children’s children’s natural lives), if you do not do this task.

I DEMAND THAT ONE ADULT IN THIS DARWIN-FORSAKEN NATION, PERFORM ONE LEGALLY CORECT AND ETHICALLY RESPONSIBLE ACTION.

I am suing several (six) “man-eating” Reprobate lawyers, but that, by no means, should be taken as support for your (Demagogic) positions. I find you all guilty (of, at the very least, ethical infractions, if not, outright illegalities!). If you think me unfair, just ask Jill Tokuda and Peter Welch if I was kind and polite and full of civic duty, urbanity, decorum, and fairness, when I ran against them in 2014 and 2020. I think you will find I have been more than patient with this “civilization”, i.e. “The West”:

I am almost definitely leaving for Australia, as I no longer desire to be surrounded by liars and cheats. I do YOU this one favor as a I leave; the favor of telling you the truth to your face.

It is not required that you (a) read, or (b) agree with, my document. Its contents are my problem—or, at least, have been adopted and accepted by me--and my responsibility, and like the Hawaiians say, these days, it is my “kuleana”.

All that you need to know is (a) your constituent (or former constituent) has alleged criminal wrongdoing, incessantly, repeatedly, and can prove it (he is, after all, a trained scientist; trained in observation and “good note-taking”), and (b) you, as representative, must, on occasion, take criticism from constituents that you may disagree with, but who, however, YOU STILL OWE SOME FEALTY TO, and, furthermore, you owe fealty to the Constitution which, in this particular case, the CONSTITUENT IS SUPPORTING AND FIGHTING TO MAINTAIN WHILE YOU--AND THE ACLU, AND ACADEMIA--ARE “ASLEEP AT THE WHEEL”.

I have endeavored to fix your problem, for you, since, you have refused to do so. (Please direct enquiries about these refusals, to Peter Welch, or Jill Tokuda, as I have run honest campaigns against them, in the not-too-distant past).

I will deliver the copies of the lawsuit to the 6 traitorous AGs (one of them is now, deputy Co-Director of the FBI), and to the Solicitor General (asis proper when suing the President, in his official capacity, formerly Joe Biden, but now, the task falling to Trump to defend), and to the President, too.

I cannot afford postage and printing costs for 10 copies of the document (for the 9 justices and, presumably, one for good measure, for the court clerk?). But I have made all the expense of time and money and time, and time, and emotion and cognition, and this document WILL BE SERVED, one way of the other, to the traitorous elements of our government.

Poison minds, are as bad as poisoned bodies. These “patriots” of Afghanistan and Iraq, should know this: Teddy Roosevelt knew when the “beef was tainted”, and it was unacceptable to that “Rough Rider”. These new-age tough guys should be reminded that battles are won before they are fought, and they are won upon the landscape of the mind.

DO YOUR JOB. I have done mine. Please notify me when this is accomplished, and, If you like the document—its tone and intentions--and want to be certain I am supported, you may, additionally, (a) send all 10 copies, since your other Congressional “colleagues” might decide I am unworthy of the Bill of Rights, and deserve only a Bill of Privileges, to be meted out by bureaucratic functionaries, willwe-nillwe, and (b) you may consider filing a amicus curiae, friend of the court, or whatever other kind of legal bullshit you guys do, down there in Washington.

This is not optional. DO YOUR JOB. You represent me, unless our you, and our “fearless leader”, have failed to provide to the States a Republican form of government?

I am sending this letter to the clerk, so that there is no confusion about who is protecting the Constitution, and who is undermining it; and about who is following the laws, and who is playing loose with the laws and “the rules”.

Despite the profanity, above, I am the most civilized, upright, and polite, among you.

You have ALREADY done me grievous wrongs, and your parents—and your children, and your children’s children’s children--bear the shame if you do not (a) correct them and (b) apologize for them.

Peace, Love, and Kind Regards,

Randall Meyer

P.S. I have notified the clerk, probably twice, that the booklet format that I sent 2 or 3 or 4 times, now, is perfectly legal and legitimate under the Supreme Court Rules, i.e., considering that it is NOW impossible to pay the printing fee. It has been printed once, and submitted, and the court clerk is supposed to give due allowance for straying from the proper form, in a case involving a Pro Se litigant. I would like you, and your office to know, that because I am a Pro Se litigant, trying to start a case, and not a criminal litigant, I am NOT guaranteed a free lawyer paid by the government, but one MIGHT be assigned to me. Also, the Supreme Court has soured towards Pro Se litigants, and particularly, non-lawyer Pro Se litigants, since about 1960 or 1970, but the Constitution still reads, properly, to allow me to conduct and plead and argue my case, despite Supreme Court rules attempting to phase out the practice. I have a Seventh Amendment right to a trial by jury, in federal court. I expect—and demand--that you will effect this end.
